

CHARGERS & BATTERIES

i-LIMB® POWER PACK

The i-Limb Power Pack is for users who want the ability to easily replace batteries and are offered with or without a switch block.

Battery housing is fabricated on the outside of socket, allowing for easy access to replace the batteries.

Replaceable battery kits include the following items:

- 1 dual battery housing unit
- 4 Removable 800mAh batteries with low battery LED indicator; battery LED will glow RED when batteries are below 10% charge
- 2 Battery housing dummies
- Dual battery charger base unit
- Wall charging unit
- Switch Block (is typically used in conjunction with a wrist rotator or for patients who would like a power off control on the socket)
- Switch template (if switch block is ordered). This template is to be applied to the desired position on the socket to help guide drill holes.
- 2 Battery Pull cords. Beneficial for bi-lateral users, the battery pull cord provides a simple solution for removing the battery from the socket.
- Car Charger
